

Apiture Xpress Mobile Banking

Learn More About the New App

The financial technology industry continues to introduce enhancements and upgrades to the digital user's mobile banking experience. Apiture aims to support these market trends and continue to provide premium products to you and your digital banking users.

Better Experience, No Cost to You

Apiture is introducing the Apiture Xpress Mobile Banking application at no cost to all mobile subscribers. This release introduces a refreshed look and feel to the application that your mobile users know and love today.

A Smooth Transition Process

Over the next months, our team will be working with you to upgrade your mobile application with no impact to you or your mobile users. As we get closer to your upgrade date, your Customer Success Manager will be in contact to provide you with detailed information regarding upgrade requirements. Please note that the support and functionality of your current mobile application will not be impacted during this period.

Feel free to contact your CSM with any questions during this process.
